

Part A: Smallest to Largest		
	Correct Response Flow	Incorrect Response Feedback
Tutorial-1	Let us put the steps in order.	
31, 13, 29	From smallest to largest.	
	Look at the tens digits.	
	Tap the smallest tens digit.	
	Yes, 1 is smallest tens digit.	Oops! Try again.
	So, 13 is the smallest number.	
	Drag 13 to the first place.	
	Well done!	
	Compare the tens digits of the remaining numbers.	
	Tap the smaller tens digit.	
	Yes, 2 is smaller than 3.	
	So, 29 is smaller than 31.	
	Drag 29 to the second place.	
	Well done!	
	31 is the largest number.	
	Yay! Steps are fixed.	
Practice-1	Put the steps in order from smallest to largest.	
48, 62, 26	Yay! Steps are fixed.	
Tutorial-2	Put the steps in order.	
	From smallest to largest.	
	Look at the tens digits.	
	All numbers have the same tens.	
	Look at the ones digits now.	
	Tap the smallest ones digit.	
	Yes, 0 is smallest ones digit.	Oops! Try again.
	So, 30 is the smallest number.	

37, 30, 32	Drag 30 to the first place.	
	Well done!	
	Compare the ones digits of the remaining numbers.	
	Tap the smaller ones digit.	
	Yes, 2 is smaller than 7.	Oops! Try again.
	So, 32 is smaller than 37.	
	Drag 32 to the second place.	
	Well done!	
	37 is the largest number.	
	Yay! Steps are fixed.	
Practice-2	Put the steps in order from smallest to largest.	
76, 71, 73	Yay! Steps are fixed.	
Practice-3	Put the steps in order from smallest to largest.	
31, 35, 13	Yay! Steps are fixed.	
Practice-4	Put the steps in order from smallest to largest.	
64, 60, 59	Yay! Steps are fixed.	
Part B: Largest to Smallest		
	Correct Response Flow	Incorrect Response Feedback
Tutorial-3	Put the steps in order.	
	From largest to smallest.	
	Look at the tens digits.	
	Tap the largest tens digit.	
	Yes, 4 is the largest tens digit.	Oops! Try again.
	So, 47 is the largest number.	
	Drag 47 to the first place.	
	Well done!	

30, 47, 36	Compare the tens digits of the remaining numbers.	
	Both the numbers have the same tens	
	Look at the ones digits now.	
	Tap the larger ones digit.	
	Yes, 6 is larger than 0.	Oops! Try again.
	So, 36 is larger than 30.	
	Drag 36 to the second place.	
	Well done!	
	30 is the smallest number.	
	Yayy! Steps are fixed.	
Practice-5	Put the steps in order from largest to smallest.	
50, 53, 57	Yay! Steps are fixed.	
Practice-6	Put the steps in order from largest to smallest.	
57, 59, 75	Yay! Steps are fixed.	
Practice-7	Put the steps in order from largest to smallest.	
39, 42, 26	Yay! Steps are fixed.	
Practice-8	Put the steps in order from largest to smallest.	
61, 69, 66	Yay! Steps are fixed.	
Practice-9	Put the steps in order from largest to smallest.	
79, 81, 92	Yay! Steps are fixed.
